

MMS MANUAL APPLICATION FORM SYSTEM

Digital and Physical Enrollment Framework

Version 1.0

PURPOSE

The MMS enrollment system must support both:

1. Digital Registration
2. Manual Registration

This ensures that no potential student is lost due to technology limitations, internet access challenges, device limitations, or personal preference.

The platform must provide a professional and seamless experience regardless of the registration method chosen.

REGISTRATION OPTIONS

Every prospective student must be presented with two registration paths.

OPTION 1

Online Registration

Students complete their application directly on the MMS website.

Benefits:

Immediate application processing

Automatic email confirmation

Student portal access

Application tracking

Document uploads

Faster enrollment

OPTION 2

Manual Registration

Students download the official MMS Application Form.

Benefits:

Offline completion

Suitable for walk-in registrations

Suitable for workplace registrations

Suitable for students with limited internet access

Can be submitted physically, via email, or via WhatsApp

WEBSITE USER EXPERIENCE

When the user visits the enrollment page, they must see:

ENROLLMENT SECTION

Start Your Journey With MMS

Choose your preferred registration method.

Online Registration

Complete your application online and receive immediate confirmation.

Button:

ENROLL ONLINE

Manual Registration

Download the official MMS Student Application Form and complete it manually.

Button:

DOWNLOAD APPLICATION FORM

PDF APPLICATION FORM DESIGN

The downloadable form must maintain MMS branding.

The document must appear professional and institutional.

It should resemble an official college enrollment package.

DESIGN REQUIREMENTS

Format: A4

DYNAMIC PDF GENERATION

Future Enhancement

The platform should generate pre-filled forms.

Student enters:

Name

Email Address

Mobile Number

Course

The system automatically:

Generates a personalized PDF

Creates a lead record

Stores information in Supabase

Emails a copy to the student

Emails a copy to Mr SN Vilane

Creates a pending application record

Generates an application reference number

EMAIL AUTOMATION

When a manual form is generated:

The student receives:

Application Reference Number

Copy of the generated PDF

Instructions for submission

Expected response times

Support information

Instructor Notification

Recipient: Mr SN Vilane

The system sends:

Student Details

Course Selected

Contact Information

Generated Reference Number

Generated PDF Attachment

Submission Status

WHATSAPP FOLLOW-UP PROCESS

After manual form generation:

The student must receive instructions stating:

"An MMS instructor or administrator will contact you via WhatsApp within 24 hours regarding your application and enrollment process."

SERVICE LEVEL AGREEMENT

Student submits or downloads application.

Maximum response time:

24 Hours

Target response time:

4 Hours

Preferred response time:

1 Hour

BUSINESS OBJECTIVE

The manual enrollment process must feel equally professional as the online enrollment process.

No student should feel disadvantaged because they chose a paper-based registration method.

Every registration path must lead into the same MMS admissions workflow, student management process, communication system, and onboarding experience.

The enrollment process must reinforce trust, professionalism, efficiency, and student confidence in Mpumalanga Mining Solutions.
